

Factory Direct Multipurpose 8.3 inch Silicon spoon spatula wholesale

Features

- Made of FDA silicone with a steel core inside and BPA free - there is nothing to break so the bristle head can't fall off. Stiffness for the handle is provided by a rod molded inside the handle.
- ONE piece of silicone design - NO crevices where oil or egg white or barbecue sauce or whatever can seep in & be trapped to breed germs. Makes it VERY easy to clean.
- Heat-resistant and easy on non-stick pans - you can do whatever you want, secure that it won't hurt the pan, no matter what you do.
- Non-staining and won't pick up food particles (unlike some wooden utensils).
